Imagine a world without wires...

智

A PLUMBING – These water-conserving toilets are engineered for optimal performance and hygiene in demanding environments. Using just 1.28 gallons per flush, they feature sensor-operated flush valve and bowl combinations. **EcoVantage Series by Zurn Engineered Water Solutions** (800-997-3876 or www.zurn.com). Circle 215.

"Using just 1.28 gallons per flush, these toilets provide consistent water (and, therefore, money) savings."

B LIGHTING – VizorLED is a ceiling-mounted ambient light for parking garages that mounts directly to poured-concrete ceilings; the light provides glare-free direct downward ambient light in all climate conditions. **VizorLED by Wide-Lite** (512-392-5821 or www.widelite.com). Circle 216.

"VizorLED has the ability to remove the heat it generates through a heat sink that vents it away."

C WINDOWS – Pella Impervia® fiber glass composite windows provide more choices for property owners looking for durable, low-maintenance windows or doors that will perform in extreme weather conditions. **Pella Impervia by Pella Windows and Doors** (888-84-PELLA or www.pellacommercial.com). Circle 217.

"These windows are more durable than aluminum, but the price is competitive with vinyl."

D CARPET – The Resoul™ Collection features Gothic-inspired patterns. All styles incorporate recycled-content backing and recycled nylon produced through the ReEntry®2.0 reclamation program. **Resoul Collection by InterfaceFLOR** (800-336-0225 or www.interfaceflor.com). Circle 218.

"These tiles have a minimum total recycled content of 66 percent, and that number continues to increase."

E POWER – The Eaton 9130 UPS is an energy-intelligent UPS that features smart energy management and the highest level of power protection. It saves energy and reduces cooling costs, delivering clean power. **Eaton 9130 UPS by Eaton Corp.** (800-386-1911 or www.eaton.com). Circle 219.

"This UPS' high-efficiency mode offers green power without sacrificing reliability."

F SOFTWARE – This software helps you assess and reduce your energy costs by increasing energy efficiency, improving facility reliability and productivity, and enhancing profitability. **Paladin Live Real-Time Energy Management Advisor by EDSA Micro Corp.** (800-362-0603 or www.edsa.com). Circle 220.

"The analyses and simulations you can perform with this software can help you quickly and accurately identify ways to save energy."

G FLOORING – This flooring collection brings the landscape of a Moroccan panorama into contract interiors. The flooring is ideal for corporate, hospitality, or retail spaces. **LonElements Sahara by Lonseal Inc.** (800-832-7111 or www.lonseal.com). Circle 221.

"With more than 35-percent pre-consumer recycled content, this flooring is attractive because of its look and green qualities."
