

POWER ANALYTICS™
Foresight as accurate as hindsight.™

PALADIN LIVE PARTNER AND STRATEGY TRAINING(COURSE #PL-415)

About the Course:

This course is offered by Power Analytics Corporation. It will introduce Paladin Live Features and Benefits. The class will emphasize the basic operational requirements, implementation, and user interface for Electrical Power Management Systems (EPMS). Specific items covered will be Electrical system navigation, equipment views, one line diagrams, Paladin Blackboard and Paladin Reports, and much more.

Course materials will provide advanced knowledge of how the system capabilities can be used for practical use in mission critical facilities, including how to gain a Return On Investment (ROI) by using Paladin Live software.

Students will get hands on training, knowledge of equipment, and lessons learned from practical implementations. The Power Analytics Paladin Live software will be used as a web application aimed at operators, focusing on Paladin Live usage. This class is focused on integration and sales channel partners.

Total Course Length: 40 hours (5 days)

Why You Should Attend:

1. Understand the Importance of Power Analytics integrations
 2. Identify Sales and Marketing Strategies
 3. Understand how equipment characteristics and the installation configuration can affect the electrical software model
 4. Understand the importance of electrical network integration
 5. Identify electrical energy stranded capacity limitations
 6. Define the ROI using model-validated analytics software
-

Prerequisites:

- Basic knowledge of electrical circuits
- Be familiar with general operation of graphical user interfaces used to construct web views
- Prefer students bring individual laptop computer for class

Foresight as accurate as hindsight.

POWER ANALYTICS™
Foresight as accurate as hindsight.™

Agenda:

Day One (Morning)

- Marketing

Day One (Afternoon)

- Paladin Live Training
- System Overview, Installation, Familiarization, Projects Overview

Day Two

- System - Paladin Live Training
- Gateway Usage, DesignView Usage, Arc Flash, Paladin Reports, Implementation

Day Three (Morning)

- Paladin DesignBase Training
- Advanced Introduction, Protective Device Coordination

Day Four (Morning)

- Paladin DesignBase training
- Arc Flash, Harmonics

Day Four (Afternoon)

- Sales

Day Five

- Business Development and Open Discussion
 - Spillover, Roundup, Action Items
-

Course Fees and Registration:

Please Contact Jadranka Bozinovska at Power Analytics to reserve your spot!

(Accommodation information will be provided at time of registration)
